

Camplix Host Info

Making special places visible.

Authentic places for campers who are looking for quiet, nature and real local encounters.

Camplix makes special places visible

Camplix shows special places in Bosnia and Herzegovina to campers who are looking for quiet, nature and honest experiences. You stay personal and independent. We take care of the presentation, the reach and the first enquiries.

More visibility for your place

We present your place to the right camping audience, with photos, description, facilities and rules.

New guests without your own marketing

We handle the digital presentation and bring the first suitable enquiries to you.

Extra income from land you already have

Unused space can become a simple source of income. You decide which guests and which enquiries fit.

What kind of places are we looking for?

Quiet, honest places with character: close to nature, personally run or locally rooted. What matters is that campers feel welcome. It does not have to be perfect. It has to suit people who are looking for quiet, nature, adventure or somewhere out of the ordinary.

Natural site

Meadow, forest, river or a view of the mountains.

Campsite

Manageable in size, personal, quiet.

Farm

Real encounters and a simple pitch.

Restaurant or local spot

Local food, parking, a host nearby.

Why Camplix can be worth it for you

Many special places are hardly ever found by campers, even though they have a lot to offer. Camplix makes them visible and brings suitable enquiries to the host.

More reach

Your place is discovered by campers who are actively looking for somewhere special.

Less work

During the test phase we handle presentation, reach and the first enquiries.

More control

You decide for yourself whether an enquiry suits you.

Extra income

Unused space can become a simple additional source of income.

You provide the place. Camplix helps to make it visible and to generate suitable enquiries.

How the test phase works

During the test phase Camplix stays deliberately simple and personal. There is no new system to learn. We build the presentation, collect the first enquiries and pass on the ones that fit.
